| <b>EYFS</b>   | In EYFS, Art knowledge and skills are taught primarily through the focus area <i>Expressive Arts and Design</i> , while also being developed through <i>Understanding the World</i> (exploring artists, cultures and the natural environment), <i>Communication and Language</i> (discussing ideas and creations) and <i>Physical Development</i> (developing fine motor control through drawing, painting, sculpting and making). A further breakdown of learning can be found on the EYFS curriculum and whole school progression of skills. |                                                             |                                                             |
| <b>Year 1</b> | <b>Drawing:</b><br><i>Exploring line and shape</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | <b>Sculpture and 3D:</b><br><i>Paper play</i>               | <b>Painting and mixed media:</b><br><i>Colour splash</i>    |
